El Metodo/ The Method (Spanish Edition)

Synopsis

Los hombres lo negarían. Las mujeres no lo creerían. Pero la eficacia del método es del 100%. ¿Objetivo del método?: hacer del arte de llevarse mujeres a la cama una ciencia exacta. El autor, Neil Strauss, es un periodista de mucho prestigio que fue durante un tiempo crítico de música del New York Times y es autor de varios no-ficción de gran éxito. Strauss se infiltró en un grupo creciente en USA que se podría definir como "maestros de la seducción", un grupo de hombres que contactan por internet, siguen a un maestro o gurú que imparte cursos presenciales (al parecer hay varios, con distintas técnicas y enfoques, y uno de los que aparece en 'Mystery' es el personaje que inspiró a Tom Cruise en Magnolia) y dedican su vida a perfeccionar la técnica de llevarse mujeres a la cama. Tienen su código de honor, un lenguaje propio, trucos y técnicas supuestamente infalibles.

Customer Reviews

This is not the typical 'get laid' method. Actually, it narrates the story of a pickup artist society, so you get to understand what made them so good at 'The Game'. The author shows some techniques but especially which resources would you require if you want to be a PUA (pickup artist). Also which books should you read and how are you supposed to change habits to become a more interesting guy. But much more than just changing how you are, it lets you see that you are already a great person and an attractive one to many girls. That even though most of us would love to have all the chicks we want and get laid, there are just few girls who would make our life great. In order to get

the really special ones, all what it takes is to realize that we already rock. The message this books delivers is one of selfconfidence in our natural ability to conquer THE WOMAN OF OUR LIFE. Yes we can become a Pick Up Artist, but that would only mean that can get laid with empty headed chicks. But when it comes to that special girl that you wanna marry, silly pickup artists' techniques just won't work. In some way, the author is trying to tell that it don't matter if we are shy, skinny, fat or a nerd, still we will have immense value.

It is a great book and I'm not telling this because of the actual "method" they teach, I'm telling that is a great book as a story. Es un libro excelente y no lo digo por el supuesto "metodo" que te "enseñan" ahí sino que es un excelente libro gracias a la historia que narra.

there is another book call el metodo by another author is a woman...but i do not know her name ...so i bought this one thinking it was the same that the one that i wanted.....very upset

Very good im happy with it///
