Ok where do I start. This book was actually a straight banger. Seth a\$\$ is that dude and definitely had me feeling some kind of way bout to make him my new book bae. Jameeka is dumb how you take care of the next dude with your dude money who in the world downgrades. Dreka I loved her character and how she was on the grind for her daughter. Now there was done misspelled or

missing words but it didn't take away from the story that's why I still have 5*.....but I'm made because you left me hanging at the end now I have to wait for part 2.....

This book right here is a banger read! Loved it from beginning to end. I could not put this book down. I loved the chemistry between Seth and Dreka. They were made for each other. Levi and Rameeka on the other hand, need to be dealt with..and soon. Can't wait for part two! A must read!

First things first...Who in the hell would risk their marriage to a boss for the help.. Jameeka is by far the slowest person I have ever read about. I love Seth and Dreka together. They seem to just click. I need for Dreka to view herself in a more positive light. Overall this was a great read

There has not been one book by Ms Diamond that I haven't loved. This one right here is bomb. I won't give anything away but Seth is so my new boo..lol nah for real tho its a must read trust you won't be disappointed...

It was a good read from beginning to end. The characters were developed and held their own. There were pleasant surprises & twists. It did however seem a little rushed. It's like Seth was married one minute and the next he's getting divorced. It was rushed and I didn't get that drawn in feel until almost the end. There were moments I'm like who do these things in regular life. However, the author weaved an interesting urban novel that was different than the average one. Stripper changing her life and falling in love. Wait they didn't have sex the first moment. The thing I hated was the book ending with a cliffhanger moment for me to say WTH!!!!!! I'm trying hard not to give the book away. I'm glad that Dreka wasn't the average ghetto girl. She saw what she needed to do and did it. Now Seth is boo though. He stayed true to himself and his values. His crazy wife messed that up. Haha people need to realize the grass isn't perfect on the other side of the lake. Don't go looking for something end up with trash and then want your perfect back. Dreka's grandmother was a character you will love to hate! Thus, will Dreka go from the pole to the place? Read and find out! I'm going to be looking for book 2 though ugh please hurry.

This was a very good and easy read. We meet Dreka a single mom doing what needs to be done to provide for her daughter. She has not had it easy and has good goals set for herself. We meet Seth her new boss and things quickly heat up between the two add to the mix a wife who has crossed the

line and selfish young man named Levi that spells drama. I can't wait to see what more drama Levi and Jameeka will be bringing on.

Strippers need love too answer in this story one is headed in that way. Dreka has been through a lot and being a strippers doesn't make life easier. Bad relationships, triflin baby daddy put her on the other side of the track. The love she does have comes from her 6 year old, the apple of her eye. Love isn't completely lost, a changed in club ownership brings this big cocky BAWSE to it up things up. I like the how forward he is, but acne when he faceting her was hilarious. Levi and Jameeka are both dumb, like forreal. He's so greedy he's stupid. I felt the cliffhanger could have been better but this was good.

Ms Diamond this was a awesome read. I loved Dreka's character as she was an everyday chick dealing with real life issues. Seth seems like a stand up dude and him and Dreka's together make majic. I pray nothing happens to them over their crazy ex's. Jameeka and Levi are about to be on some bull. Yes Levi surely deserves whatever bad karma that's coming his was for treating his baby girl that way. Cannot wait for pt 2!!!!
