# The Everything Classical Mythology Book: Greek And Roman Gods, Goddesses, Heroes, And Monsters From Ares To Zeus

## Synopsis

Entertaining and educational, The Everything Classical Mythology Book is a superb introduction to ancient Greek and Roman mythology. For those of us who cannot recount the twelve labours of Hercules, how Odysseus tricked the Trojans, why the phrase Achilles Heel' was first coined, or how Medusa was slain, this comprehensive volume will provide answers to these and hundreds more enquiries.

## Customer Reviews

This "Everything" guide is a good book for younger readers and those who are only starting to get into mythology. At over 290 pages, it covers the major players and who's who of Roman and Greek mythology (as in Jupiter/Zeus, Venus/Aphrodite, the Trojan War, Odysseus, et al). However, more serious and 'seasoned' fans and scholars will likely prefer THE COMPLETE IDIOT'S GUIDE TO CLASSICAL MYTHOLOGY by Kevin Osborn. We're not idiots, of course, but this book is meatier and has more background information on the various gods/goddesses, heroes and stories. At over 350 pages, it is 60 pages thicker than the "Everything" book and has smaller text and less white space. For instance, an entire chapter is devoted to the Trojan War hero Achilles while the "Everything" book only has a few pages, at the most. Fans who want more than classical mythology will want to explore MYTHOLOGY FOR DUMMIES by Christopher Blackwell. This book also delves into the Arthurian legend, Norse myths, Beowulf, as well as world mythology in general (Chinese,

Jewish, Hindu, etc). These 3 books are all excellent. The choice lies on the readers' level of interests. I would recommend the "Everything" book to younger readers (middle or high schoolers, for instance) and those who just want the basics on classical mythology.

While this reference is quite basic, it is easy to follow the lineage and obtain a working knowledge of classical mythology from this book. HOWEVER, beware that there are several misprints that will confuse the reader, as well as references in the index to characters that do not appear on the mentioned page. Thus, the book is in dire need of a decent editor.

I bought this book for my 12 year old granddaughter. She is studying the ancient gods in school and is also very fond of the Percy Jackson books. I thought this would be a perfect accompaniment for school and it is. She likes it very much, and it is age-appropriate.

I wanted a book that gave an overview of Greek and Roman mythology. and also provided lists of various gods and their counterparts, i.e., the Greek god is ----- and the counterpart Roman god is ----- . This book gives me what I wanted.

I really enjoy reading this book. If you are interested in Greek mythology, this is a must read book. It explains, all the gods, the goddesses, the monsters, the minor gods in detail. It tells everything about them, their parents, sons, love affairs, talents and the myths they participate in. If you really want to learn about Greek mythology, read this book!!!!

Jumbled but crisscross full of information. It doesn't have a lot of pictures or color so kids might have difficulty paying attention. Good starter for anyone.
