Customer Reviews

This book is undoubtedly a well-meant effort in a field that receives hardly any attention in the United States. Unfortunately, most of the poems/sayings/proverbs are translated word-for-word, with little or no effort spent on rhyme, rhythm, or even grammar. The result is often unintentionally comical.

I found this book to be a good way to study Czech. The side by side translations allow you to learn and understand poems in Czech. It is an inspiring and romantic introduction to Czech poetry!

Wonderful book. Highly recommend
