The Pro Writer Mindset: What It Really Takes To Be A Bestselling Author

Synopsis

Your success as a writer and author really comes down to one thing: mindset. Mindset is 90 percent of success, the other 10 percent is taking actions that are aligned with the goals you have. Get your mind in the right place and you can accomplish anything. This interactive book will help you think and act like the bestselling author you dream of being. It also gives a full breakdown of the mindset, practical actions and energetic actions the author took to become a #1 Best Seller. You'll walk away with a whole new lease on your writing life.

Customer Reviews

I'm going to start this review in an odd place; by saying that the thing that kept coming to my mind most often while reading this book was a quote from The LEGO Movie: "Believe! I know that sounds like a cat poster, but it's true! I've never been an "imagine your way to success" kind of person. But that's not what this book is about, or rather, that's not ALL that this book is about. Yes, there's a certain amount of "live your success" in here, but there's also a lot of really terrific advice which boils down to "get off your butt and go GET that

successâ™. Or rather, because weâ™re writers, â^park your butt in that chair and damn well WRITE your way to that success!â™ Jenniferâ™s idea of mindset isnâ™t wishy-washy, airy-fairy thinking. Itâ™s about self-belief and hard work combining to pay real dividends in terms of being as successful as you want to be, and she provides a whole stack of amazing tools for you to get yourself out there and win that success. Maybe my wildest dreams are too big for me to ever believe in the possibility (âœl want to be a more influential book blogger than Oprah AND sell more books than JK Rowling!â• really ainâ™t gonna happen) but that doesnâ™t mean that working my ass off canâ™t get me to some more realistic goalsâœ | or maybe even interim goals, on my way to that future One Day. Top 10,000 reviewer on ? Absolutely possible. Bestselling author in my own right? Damn nearly made that one this year and I WILL get there next year. These are the kind of goals that Jennifer encourages you not only to set, but to act as though youâ™ve already achieved. Act as though thousands of people are reading and influenced by your book reviews. Act as though youâ™re already a bestselling author.
