The Longman Anthology Of British Literature, Volume 1C: The Restoration And The Eighteenth Century (4th Edition)

Synopsis

The Fourth Edition of The Longman Anthology of British Literature continues its tradition of presenting works in the historical context in which they were written. This fresh approach includes writers from the British Isles, underrepresented female authors, "Perspectives" • sections that shed light on the period as a whole and link with immediately surrounding works to help illuminate a theme, "And Its Time" • clusters that illuminate a specific cultural moment or a debate to which an author is responding, and "Responses" • in which later authors respond to one or more texts from earlier works. Customer Reviews

It's been a great textbook for my British Lit class and has helped me understand the writing of the times better.

got it for my sister she loved it

Amazing

A good composition of short stories. Covers a good range. Had to buy it for class, but probably wouldn't have read it otherwise.
