This is exactly what I was looking for. The textbook was too expensive at the bookstore, but I got this in good price and conditions. I'm really satisfied.

please get more textbooks for bmcc the student s are desperate for book rentals since the full price textbooks for college cost too much

The book came in a timely manner, and the only thing that I saw wrong with it was the book had some damage to it. I hope this does not affect me when I return the book when I am finished.

It is a textbook. How interesting can a textbook on speech be? Not as bad as a root canal, but there are better books I'd rather read.

Im using this book in my speech class and it's great. I can truly use this in my everyday life.
