# The Women Founders: Sociology And Social Theory 1830-1930

## Synopsis

An essential volume for anyone interested in the history of sociology, the development of sociological theory, or the history of women in the profession, this well-researched, compellingly argued book makes the case for the active and significant presence of women in the creation of sociology and social theory in its founding and classic periods. Further, Lengermann and Niebrugge explain how the women came to be erased from the history of sociology and identify the political and intellectual currents that now make their recovery both possible and important. The volume focuses on 15 women in eight chapters. Each chapter begins with a biographical sketch situating each thinker's ideas in a historical, social, and cultural context. Next, the authors analyze the woman's theory, summarizing its underlying assumptions, explicating its major themes, and introducing key vocabulary. The chapter concludes with excerpts from the original texts of the women founders. All the theories discussed in this text share a moral commitment to the idea that sociology should and could work for the alleviation of socially produced human pain. The ethical duty of the sociologist is to seek sound scientific knowledge, to refuse to make the knowledge an end in itself, to speak for the disempowered, to advocate social reform, and to never forget that the appropriate relationship between researcher and subject is one of mutuality.

## Book Information

Paperback: 336 pages

Publisher: Waveland Press; 1st edition (January 4, 2007)

Language: English

ISBN-10: 1577665090

ISBN-13: 978-1577665090

Product Dimensions: 0.8 x 7.5 x 9 inches

Shipping Weight: 1.3 pounds (View shipping rates and policies)

Average Customer Review: 4.0 out of 5 starsÂ  See all reviewsÂ  (4 customer reviews)

## Customer Reviews

The other reviewer only talked about the compatibility of the Kindle version... which might mislead people looking for the book into thinking it deserves a rating of 1/5. I did not buy the book from , but have it at home, and the book deserves 5/5 (even just for the fact that it gives you access to a never

before translated text from Marianne Weber, the sociologist well known for her biography of Max Weber, her husband, but less well known for her own work).

Wow, all women should know about the women who came before us and all they accomplished.

Great product. Fast delivery.

Extremely limited compatibility of "Kindle" version - not available on MOST versions of Kindle, just Kindle Fire, Kindle for PC (NOT Windows 8!) and Kindle for iPad.
