Synopsis

Pottermore Presents is a collection of J.K. Rowling’s writing from the Pottermore archives: short reads originally featured on pottermore.com with some exclusive new additions. These eBooks, with writing curated by Pottermore, will take you beyond the Harry Potter stories as J.K. Rowling reveals her inspiration, intricate details of characters’ lives and surprises from the wizarding world. These stories of power, politics and pesky poltergeists give you a glimpse into the darker side of the wizarding world, revealing the ruthless roots of Professor Umbridge, the lowdown on the Ministers for Magic and the history of the wizarding prison Azkaban. You will also delve deeper into Horace Slughorn’s early years as Potions master at Hogwarts - and his acquaintance with one Tom Marvolo Riddle.

Short Stories from Hogwarts of Power, Politics and Pesky Poltergeists is essential reading for any fan(atic) of the Harry Potter Wizarding World. Before I begin, it's important to note that a lot (if not most) of this information IS available on Pottermore. If you just want to read this without the cost, head over there, get sorted, find your patronus, and read until your heart is content! BUT! If you're an avid collector of all things Potter, this is another jewel to add to your collection! My deepest hope is that this (along with the other two Pottermore presents kindle shorts) will be made into a printed book (even together!) so I can add it to my bookshelf along with the rest of the series. Why won't they just print it already!?

In all seriousness, though, this short is filled with fantastic information about some of our (least) favorite witches & wizards. This one is more of the least favorite, but alas, we can't just have all the good stuff. The book starts by detailing information about that horrible cowâ || mean Umbridge. It then goes on to detail some information about Minister for Magic and Azkaban. From there you learn about Slughorn, Potions, the Polyjuice Potion, and Cauldrons. Then you learn about Qirrell, and finally, everyone's favorite Poltergeist, Peeves. I won't get in to all the information in them, but I always find the additional back story on these characters sheds new light on them when I re-read the books. It's so wonderful to continue to get new information from JK Rowling about the Wizarding World. After the fiasco that was 'The Cursed Child', new writing that actually makes sense in the universe is always welcomed with open arms.
