Divine Alignment: How Godwink Moments Guide Your Journey

Synopsis

The mega-bestselling author of the Godwinks series reveals seven steps to growing more closely aligned with God using your internal GPS and becoming more effective, successful, and fulfilled in everything you do. Itâ€™s happened to you. You received a phone call out of the blue, or you bumped into someone who led you to a new job, a new relationship, or opportunity that totally changed your life. You probably even said, "Wow, what a coincidence I met so-and-so." But . . . did you ever stop to ask what caused that person to be right there, at that exact moment, in your path? It was Divine Alignment: the arrangement of coincidences into a pattern of alignment so astonishing they could have come only from a higher source. In this inspiring work, SQuire Rushnell shows readers how they can navigate lifeâ€™s thorniest hurdles, rediscover the deep meaning and impact of personal prayer, and develop the individual conviction and wherewithal it takes to reach their full potential and fulfill their most ambitious dreams by honoring the bookâ€™s seven easy-to-follow steps. In his charmingly avuncular and wonderfully optimistic voice, SQuire shares moving stories from his own and othersâ€™ lives to show the awesome strength inherent in what he calls Godâ€™s Positioning System, or GPS. All of us, he assures readers, can use our own personal GPS to grow more closely aligned with God and become vastly more effective, successful, and fulfilled in our relationships, careers, and everything we do.

Customer Reviews

For many years I have had questions about why things happen that can't be explained. People come into your life at "just the right moment". You find yourself meeting people that pave the path to

an answer you were looking for. I could never understand what it meant. I thought these things were odd, but I reasoned that it was just coincidence. This book has definitely RE-aligned my thinking! Through very touching, real stories, the answer is simple and very clear. It is now so obvious that it is DIVINE intervention. The author is outstanding in his wisdom of not only being able to understand the meaning of what many think are coincidences, but he also has the ability to share these moments of himself and others in his very powerful words. I highly recommend this book. I am sure that every person who reads it, will be able to think of a time that they had a DIVINE ALIGNMENT. It is a book that I will be giving to many of my friends and family, as it is certainly a gift to us all. Thank you Mr. Rushnell.

I have read all of Squire Rushnell's books and I really felt this one was the best! I love his "real life" stories about how faith in God guided people's lives. So interesting to read about famous people and their struggles to the top and realize we are all the same. I especially liked how he tied in all the "heaven experiences" and pointed out how most seem to miraculously say the same thing. I am a devout Catholic and have always experienced God Winks as Squire refers to them and absolutely feel they have guided my life. The more you acknowledge them, the more you have the experiences. If you haven't read his other books, I would read them first, but I highly recommend Divine Alignment. Very uplifting and reassuring and such a confirmation on prayers answered.

Squire Rushnell delivers a beautifully written presentation of heartfelt stories with a special ability to share his own moments of inspiration and comfort. The uplifting stories are filled with wisdom, are reassuring, and touching. Over the years, so many have asked, 'why did this happen?' Of course, we all gave just about the same answer. Our thought process has us reacting in the same manner as we deny, ignore, or push the answer off to calling it a coincidence. Many of us, although curious, try to change the subject as the question becomes confusing. The mystery of unexpected events in our lives is portrayed by the author in this delightful and refreshing book. "DIVINE ALIGNMENT" is charming, heartwarming, enjoyable, and Highly Recommended!

Divine Alignment is a captivating, impossible-to-put-down read that will validate all of the perfectly orchestrated things that have happened in your life and confirm that you are not crazy for thinking a higher power was somehow involved. Squire Rushnell quickly addresses any concerns his readers may have that Divine Alignment is a religious book in this way: "Remind yourself that book is written neither by Einstein nor by Billy Graham. It's written by me, one of the fathers of ABC's Schoolhouse

Rock! A guy who brought you TV cartoons on Saturday morning. So, how theologically heady can it be? This is definitely one of my all-time favorite reads.

God shines on every page of SQuire Rushnell's DIVINE ALIGNMENT. In today's world, knowing that He is in control, is calming and reassuring. When one takes the time to meditate on how relationships and appointments-the events and people that fill our lives with meaning and purpose (some of these divine alignments taking many years to mature into an answered prayer or a dream fulfilled) it is a darn good feeling to know that we are being guided along every step of the way and that we are loved and watched over. I felt happy after reading DIVINE ALIGNMENT. I felt refreshed and enthused about how awesome it is to know that God loves us. Last year I got stuck in a traffic jam in St. Louis, on the bridge going over the Mississippi. My car started to overheat. Because of the road being under construction, it had been reduced to one lane-it felt like every car east of the Mississippi was behind me-I started to pray at the top of my lungs. Suddenly, an opening appeared at one of the barriers-a mistake by a construction worker? I think not. I made a U-turn right on the bridge and my GPS started giving directions like I've never heard it give them before. I just listened and followed and did exactly what it said. It took me to another bridge downstream and I crossed peacefully and without incident. My car cooled down and I thanked God. SQuire tells us that we need to listen to our GPS-God, and trust that HE will get us out of trouble-that He will bring people and events into our lives at moments when they are needed the most. DIVINE ALIGNMENT was a joy to read. I have been comforted by it. And I can't wait to share it with my friends and associates. This book is one of the most important I have read in many years. I am reminded of Ludwig van Beethoven's words, "when I am alone, I am not alone." After reading DIVINE ALIGNMENT, one understands to what Beethoven was referring. S.E. Feinberg, Los Angeles

I LOVED "Divine Alignment." I am stunned at the quality of this book. It is power packed with spiritual inspiration--unmatched to anything I've ever had the privilege to read. SQuire has woven the stories together so beautifully to provide hope and healing. God flows supernaturally throughout the pages. His ability to communicate with profound conviction, without being preachy, amazes me. This book is truly a divine gift from the Lord, as it goes much deeper than any other in the Godwink series. It challenged me to make some changes in my life that will yield positive results.
