Jack Reacher's Rules

Synopsis

Jack Reacher's Rules is the ultimate fan's guide to the World of Reacher! Featuring selections from all seventeen electrifying Jack Reacher novels and an introduction from Lee Child himself, this one-of-a-kind book compiles timeless advice from maverick former army cop Jack Reacher, the hero of Lee Child's blockbuster thrillers and now the star of a major motion picture.

“My name is Jack Reacher. No middle name, no address. I've got a rule: People mess with me at their own risk. You don't have to break the rules if you make the rules. Case in point: Jack Reacher, the two-fisted, quick-witted, æcurrent poster-boy of American crime fiction” (Los Angeles Times). The brainchild of #1 New York Times bestselling author Lee Child, Reacher is a freelance troubleshooter with a mysterious past and a serious passion for justice. Now the hard-won knowledge and hard-hitting strategies of fiction's toughest tough guy are within every thriller reader's reach in a rapid-fire rundown of the trade secrets, tried-and-true tricks, and time-honored tactics that separate the man in the street from the man to beat.

Rule 1. When in doubt, drink coffee. Rule 2. Never volunteer for anything. Rule 3. Don't break the furniture. Rule 4. Only one woman at a time. Rule 5. Show them what they're messing with. Please note: Jack Reacher's Rules is a compilation of advice, wisdom, and facts from the Jack Reacher series of novels by #1 New York Times bestselling author Lee Child. It features an introduction by Lee Child, but is not a Jack Reacher novel. From the Hardcover edition.

Customer Reviews

5 minutes into the book I figured I'd been tricked, and accidentally bought a self-published "Reacher" compilation. I literally went back to the beginning to look at the copyright info. It's horrible, sorry. I love the Jack Reacher books, I've read them all more than once - this is not one of them. It is an unorganized set of random factoids, Reacher quotes, and made up nonsense. A 99 cent book at best. Can't believe I paid \$10...

I pre-ordered this book when it was first available for pre-order. Was delighted to receive it this morning. Read the first 25% in less than ten minutes. Will finish the book, but I expected more from this author. Not worth the money. Lots of empty space on each page. Might have been worth it at a cheaper price. Amusing and well written as usual, but get it at the library.

This cost me \$9.99 and isn't even a book. It's just a bunch of pages filled with stupid stuff about Jack Reacher that nobody cares about. What a waste of good money.

Total rip off. I read the whole thing in about one half hour, and it was worthless. Just lists of bits and pieces of sayings and facts about Reacher, and West Point and the MP training at Fort Wood MO, etc. Please. Just shoot me...

This book is not worth \$.99. It is just a collection of dumb things that "Jack Reacher" supposedly would say and actions that he would do. He is a fictional character, probably not someone to take advice from. I never write reviews but this book actually upset me that I had been duped in to buying it just because it has Lee Childs name on it. I have liked the "Reacher" series up to this point, now I am not sure if I will buy Child's next book.

so excited to start my new reacher book tonight on kindle. open up series of tips on reachers behaviors and beliefs. no book here just a waste of \$\$\$.

This book was not worth the money or the time spent. I was hoping for much more from this author.

As much as I enjoy the Jack Reacher character, this was not up to Lee Child's usual level of entertainment. Don't waste your money.

I thought it was a book. Instead I used about 2 minutes checking out that it was not. As a Jack Reacher fan it was worthless for me.
